

Private Events

at **NOWADAYS**

Nowadays is an indoor and outdoor venue, bar and restaurant that is available for private events.

Produce an event yourself, or our team can help you imagine and execute a wide range of happenings — from private dinners, beer tastings and weddings to outdoor concerts and private parties.

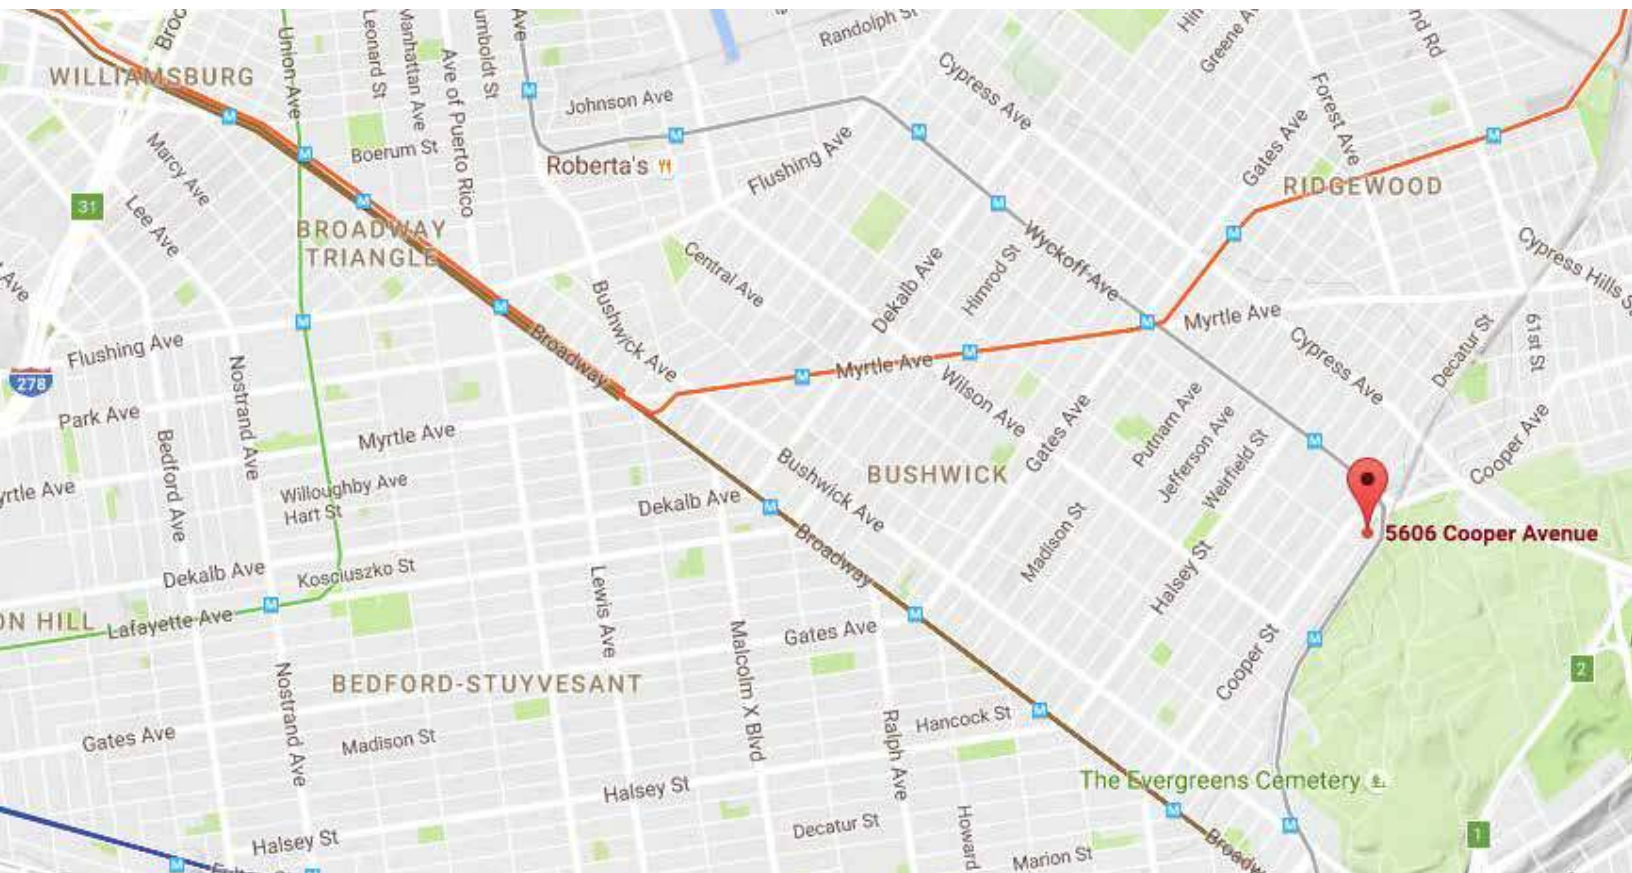

The revenue generated from these events directly funds Nowadays' artistic and community-based programming.

If you're interested in private rental or venue hire, contact events@nowadays.nyc.
